W NIECIECZY

The National Army Public Catholic School provides full time education for children aged 5 to 15.

There are approximately 110 students attending kindergarten, primary and junior high school.

Twenty-eight teachers with high qualifications help students learn about a variety of subjects ranging from mathematics to foreign languages and prepare for games, art, science, foreign languages and song contests.

We are taught to cultivate patriotic values

We reflect upon the effort and sacrifice of many Polish soldiers who fought for our freedom and independence.

We take part in many out of school activities to enrich the process of learning

We collect wastepaper taking responsibility for our local environment.

We organize help for children in Ukraine.

We celebrate Earth Day to support our environment.

Getting together

Christmas at our school

Easter

We love spending free time in an active way

Supporting our football team

Our children use a wide range of up to date ICT equipment to enhance their learning in every area of the curriculum. After school clubs provide top quality extended school services and are free for all children.

We prepare healthy snacks and drink fresh fruit juice

There is so much fun at our school
